

Introduced by Senator Huff

February 21, 2013

An act to amend Section 53300 of the Education Code, relating to school intervention.

LEGISLATIVE COUNSEL'S DIGEST

SB 452, as introduced, Huff. School intervention: parent empowerment.

Existing law requires a local educational agency to implement one of several specified interventions for a school not identified as a persistently lowest-achieving school that, after one full school year, fails to meet specified criteria and has a specified percentage of parents and legal guardians of pupils sign a petition requesting the local educational agency to implement at least one of 5 specified interventions. Existing law requires a local educational agency to implement the intervention option requested by the petition unless the agency makes a specified finding in a regularly scheduled public hearing.

This bill would delete the provision excluding schools identified as persistently lowest-achieving schools, and would also make the provisions applicable to schools ranked in deciles 1 to 3, inclusive, of the Academic Performance Index. The bill would make technical changes by updating cross-references. By imposing additional duties on school districts, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
